Pharmaceutical Chemist - Chile

Pharmaceutical Chemist graduated from the University of Valparaíso (UV) with extensive experience in pharmaceutical industry. I have solid knowledge in cleaning, processes, and computerized systems validation, as well as in Good Manufacturing, Storage, and Distribution Practices. I have experience in Pharmaceutical Good Manufacturing Practice, ISO 9001 and ISO 13485 standards audits.

I have completed additional courses on Data Analytics, Excel spreadsheet validation, Minitab for statistical analysis, and Artificial Intelligence (AI). I actively use AI tools such as ChatGPT and Midjourney.
